**UNRAVEN WANTS THE CUP.**

Mr. Kersey Says He Will Challenge Again.

**International Race Probable Until 1895.**

In reference to the despatch from London this morning quoting Lord Dunraven as saying that he had not lost yet, and would like to try again for America's Cup, Mr. H. Mallard, Dunraven's representative here, states that he had assurance from the nobleman that he would challenge again.

Lord Dunraven expects to challenge Mr. Kersey, "but not for a race before 1895 at the earliest. He will build new boat."

Commodore Smith, of the New York Yacht Club, said this morning that he knew nothing of Lord Dunraven's intentions.

It is against the rules of the Club for a defeated yacht to challenge inside of a year, said Mr. Smith. "It isn't likely that Lord Dunraven would challenge for next year for a new boat, as hardly has the time. The challenge will be in ten months before Oct. 1, 1895."

If Lord Dunraven challenges, it would be for Valkyrie, because she is a much improved boat in that time.

Commodore Smith said that a challenge for next year from any other yacht was not anticipated, as it seems likely that the next challenge for the cup will come from Dunraven.

Regarding Valkyrie Commodore Smith said that as she would winter here, and Lord Dunraven would be a member of the N. Y. Y. C. by next year, he could enter her in races and could make races her.

A handsome cup will shortly be presented to Mr. C. Oliver, by the N. Y. Y. C. as evidence of the Club's appreciation of his services with Valkyrie.

**Wine News in Brief.**

Continental & Frank Brothers, manufacturers of Champagne, 125, have announced that they have secured the exclusive rights for the importation of the famous French wine, the Chateau d'Ay, into the United States.
